

TRY MAGNESIA FOR STOMACH TROUBLE

Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion, you have already tried pepin, bismuth, soda, charcoal, drugs and various digestive aids, and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic, just try the effect of a little blundered medicine—magnesium, which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little blundered medicine immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the blundered magnesium cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advt.

DEMOUNTABLE TOPS LIKED.

Among motorists generally during the past month there has been a pronounced turning to demountable tops. One of the most popular styles is the Sedan for both summer and winter driving. In a twinkling it can be either closed snugly against wintry winds or opened from end to end to admit summer breezes.

PIMPY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever pained with "a dark brown taste," a bad breath, a dull, listless "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

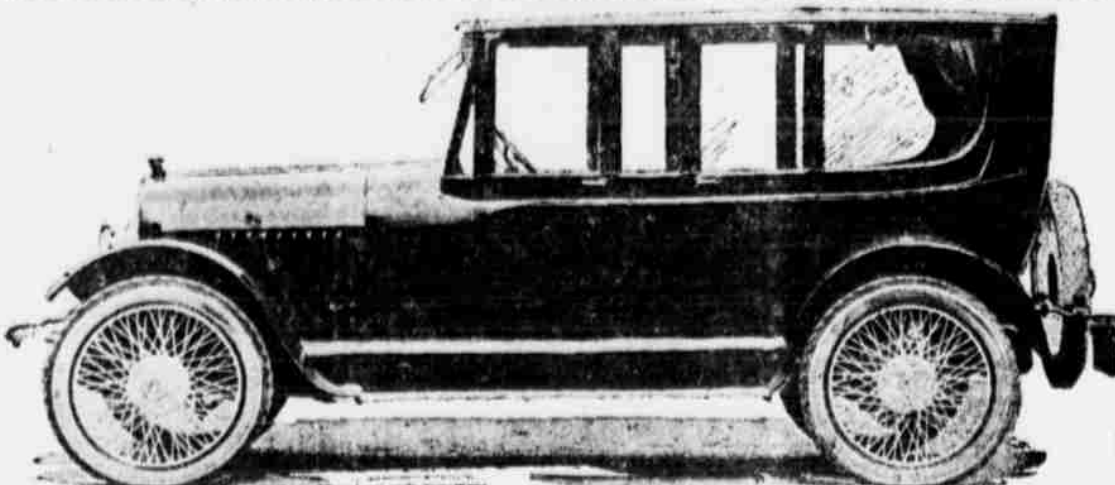

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

NOTES OF AUTOMOBILES

The New All-Season Model of Automobiles Is Gaining in Favor Among New Yorkers

KING & FOURSEOME WITH DEMOUNTABLE SEDAN TOP.

LARGER PEERLESS SPACE.

"Owing to the demands for more spacious space, we have been obliged to contract for larger quarters, and will on Nov. 1 double our present salesrooms at 63d Street and Broadway, by the acquisition of the premises at No. 192 Broadway, which adjoining the present Peerless quarters, says Vice President W. A. Woods of the Van Cortlandt Vehicle Corporation, metropolitan distributors for the Peerless eight cylinder automobiles.

"These new quarters will give us one of the biggest show windows on Broadway, while our space on 63d Street will be doubled."

NEW PAIGE MOTOR MAKES WINTER DRIVING PRACTICAL

An electrical gasoline heater, an ingenious application of the electrical cooking principle, heating warm gasoline in the carburetor, a superheated manifold and a valve polishing device are three new mechanical features of the Paige included models which, it is claimed, eliminate all disagreeable features of winter driving.

By means of the electrical heating device the motor responds instantly to a push on the starting button without the slightest drain on the battery.

The super-heating of the manifold starts the maximum amount of energy from the low grade gasoline which is being furnished now and acts as a fuel saver. The Paige exhaust valve polishing device acts as an automatic burner and keeps the valve seats clean, insuring 100 per cent. compression at all times.

The super-heating of the manifold starts the maximum amount of energy from the low grade gasoline which is being furnished now and acts as a fuel saver. The Paige exhaust valve polishing device acts as an automatic burner and keeps the valve seats clean, insuring 100 per cent. compression at all times.

VELIE ANNOUNCES NINE NEW BODY DESIGNS

The Velie Motors Corporation announce a new line of "Velie" Sedan, which is continued much as before, but the new Velie bodies are decidedly different. The radiator is higher and the hood line continues in an unbroken roll back to the rise of the rear end. The doors are noticeably larger, while the seats themselves are deeply upholstered in long plaits of leather.

The five and seven passenger touring cars form the basis of the new Velie models and a closed car group comprising a coupe, sedan, cabriolet and town car. A four-passenger sport model with outside exhaust pipes, low body, victoria top and all the earmarks of a real speed car, completes the line.

APPERSONS TAKE EIGHTY PARTS FROM THEIR MOTOR

The Apperson Brothers, manufacturers of the Apperson car, have made over the eight cylinder gasoline motor. This latest mechanical stride is in the direction of simplicity. Eighty parts have been removed from the motor. In the new motor the Appersons make one cam shaft do the work of two. All sixteen cams are on the single shaft. This construction reduces the number of cam gears to two. Hooker arms and valve lifter levers are eliminated entirely.

Among the other improvements installed in the new eight is the counter balanced crank shaft. This also increases the motor speed and efficiency. The elimination of eighty parts makes the Apperson the simplest eight built to-day, so the Appersons claim.

U. S. RUBBER PATRIOTIC.

The United States Rubber Company subscriptions to the Second Liberty Loan reached \$4,000,000. The company made subscriptions for itself and subsidiary companies of \$1,750,000, and for its selling branches in various sections of the country of \$750,000, a total subscription of \$2,500,000. In addition to this, the employees of the company subscribed for over \$1,500,000, making a total of \$4,000,000.

ADVICE TO TRUCK OWNERS.

"Saving Dollars on Truck Tires" is the suggestive and practical title of a new series of truck tire conservation bulletins now being offered by the

Goodyear Tire and Rubber Company, Akron, O., to owners and drivers of motor trucks operating on solid tires. The new Goodyear bulletins point out in a definite manner the effects of such tire abuses as overloading, speeding, driving in car tracks and on rough

roads, neglected cuts, improper use of non-skid devices and wheel irregularities. They are simply designed to be all users of solid truck tires, no matter what makes of tires they may be using. The bulletins may be secured free from any Goodyear Service Station, or from the factory at Akron, O., upon request.

Studebaker TRADE-IN-SALE

---the chance of a lifetime to trade your old car!

A genuine opportunity for owners of GOOD used cars

It may seem strange for a dealer to openly announce a Trade-in Sale, when you remember the way automobile men used to side-step the used car question.

But, frankly, we have a waiting market for a number of good used cars—for Studebakers and eight other standard makes. This fact together with present reasonable prices on new Studebaker cars, enables us to offer a very attractive trade-in plan.

That's the reason for our special Trade-in sale. It probably won't last long because we'll soon have all the used cars we can handle.

But while it lasts you have a wonderful opportunity to trade your old car for a new, powerful, stylish and roomy Studebaker.

New cars are steadily advancing in price. Well informed men say they may be fifty per cent. higher before spring. It is economy, then, to trade your car in on a new Studebaker which we can now offer you at a saving of several hundred dollars over any car on the market of equal quality, and certainly more than we can save you next spring.

Come in today and let us explain our new liberal Trade-In plan.
